

Public Hearing Follow-Ups

How many school gymnasiums do not have Air Conditioning?

All Major Capital Projects that were **designed** in or after 2019, as well as schools that are receiving HVAC replacement projects, are designed to have air conditioning in the gymnasium as a part of the project.

Recent example of a systemic HVAC Replacement Project: Brookhaven ES

Brookhaven ES initially was estimated to cost **\$168K** when estimators went out in **2019**.

When the actual project took place and construction was completed in **2024**, the gymnasium portion of the systemic HVAC Project cost was **\$613K**.

School Level	Gyms with AC
ES	39
MS	26
HS	2
Total	67

School Level	Gyms w/o AC
ES	98
MS	14
HS	23
Total	135
