

The recycling service takes place from 7am to 7pm every day of the year in MCPS. Therefore it's essential to prohibit staff or community members from parking in front of your recycling dumpsters during these hours.

Please **keep an open path in front of the dumpsters** so our recycling hauler can service them on your school's scheduled pick-up day. To see your school's pick-up schedule, please visit the sustainability webpage.

Please remember that it is vitally important that you keep your dumpsters locked at all times. If a single recycling dumpster is contaminated with trash MCPS could lose up to five tons of recycled material from approximately 30 schools.
