3. VIEW

Stream It

Streaming means playing "live" or "real-time" video. The quality of a stream will depend on the quality of your Internet connection.

- Select your media player type.
- Click the **S** button next to a video clip.

Download It

Downloading a video or clip saves a copy of the file on your computer or network for later access.

- **Right Click** (on a Mac: Ctrl + click) on the **d** button next to a video clip.
- **Select** "Save Target As..." (Explorer)
"Save Link Target As..." (Netscape/Mozilla)
"Save Link As..." (Firefox)
- **Save the Video** where you can find it easily.
- **Double-click** it to play.

Add it to Your Playlist

You can create personal playlists of videos you like. Create one for each class or unit you teach!

- Add a video to your personal playlist by **clicking on the a button** and selecting the appropriate playlist.
- **Click "playlist"** at the top of the page to view the videos in your playlist.
