

First Grade **DECEMBER** Newsletter

Curriculum Highlights

Literacy:

Knowledge: In December, we will be finishing up Domain 4: Early World Civilizations.

[Click here to learn more about Domain 4!](#)

Skills: Students are working in skills 3. Students are learning to spell and read the following vowel patterns: • /oo/ spelled 'oo' as in soon • /oo/ spelled 'oo' as in look • /ou/ spelled 'ou' as in shout • /oi/ spelled 'oi' as in oil • /aw/ spelled 'aw' as in paw. Students will be introduced to new tricky words. The grammar lessons in this unit focus on identifying verbs and their tense - students will practice identifying whether a verb represents an action that is happening in the present or one that happened in the past. View the resource links below for more information.

[Flash Cards](#)

Math: Students will continue working in module 2. Students were introduced to place value through addition and subtraction within ten. Students are using the strategies of counting on and making ten or taking from ten to solve result unknown and total unknown problems. Students are learning additional strategies to solve change or addend unknown problems. Lastly, students are exploring the decomposition of teen numbers and one ten and some ones.

The following resources are home-school connection resources for the Eureka math curriculum.

Social Studies/Science/Health In December, we are focusing on Science:

In science, students will be exploring concepts related to space and our daytime sky. Students will learn about the moon and how the sun illuminates the moon, explore patterns in the daytime sky in relation to where the sun is at different times of the day, and how all of this relates to our 4 seasons.

Social Emotional Learning
